Coding & Billing tips on the
Wound Care Coding
Process

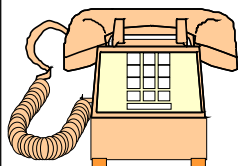

**Learn Wound Care Coding Techniques
Through Workable Case Studies!**

- ☞ Learn the differences between the wound related diagnoses including acute, chronic, and late effects.
- ☞ Understand the Surgery description and the appropriate medical terminology for open wounds. It allows successful coding and billing.
- ☞ Uncover the latest CPT and ICD-9 coding strategies for wound management.
- ☞ Differentiate the latest "skin" technologies and discuss their insurance acceptance, plus when to append which modifiers.
- ☞ Learn which CPT codes apply to which practitioners and when to use them.
- ☞ Check the newest updates in your LMRP's & LCDs.

How the audio conference works:

1. Register by fax or mail. **\$229.00 per dial-in line.**
2. You will receive a toll-free number via e-mail, prior to the day of the conference. Use this number to dial in 10 minutes before conference begins.
3. You will receive the audio seminar course materials via email, so you can follow along during the teleconference. **"One phone line per registration. Additional connections subject to additional registration fees."**

1. Strategies for accurate & complete wound care.
2. When can you use and bill the VAC?
3. Who can do the debridements to get reimbursed correctly?
4. When can the PA or NP submit "incident to" claims?
This is # 1 for RACs just released problems.
5. Modifiers can be essential to correct coding. We'll cover when to use the appropriate modifiers to get reimbursed.
6. Code traumatic wounds for complete payment.
7. What is this "artificial stuff" and how do I get paid?
8. RAC's just released top 10 areas Debridement was # 10.

Learn How To

About your seminar leader:

John F. Bishop, PA-C, CPC, MS, CWS is a Certified Professional Coder through the AAPC and has been an active Surgical Physician Assistant for the past 34 years. He is the President and CEO of Bishop & Associates, Inc., a surgical, medical and Coding/Reimbursement consulting company. He has become proficient in Plastic, Cosmetic and Reconstructive Surgery, Trauma, Burns, Wound Management, Orthopedics, General Surgery, Pulmonary and Critical Care, Podiatry, Dermatology, Ent, Allergy and the Emergency Department. John has also developed and published several Coding, Billing and Reimbursement manuals for Burns, Trauma, Wound Management and Plastic Surgery. Plus, he has contracted with several Universities and private, large multi-specialty groups as the Consultant Educator on Coding and Reimbursement. He has also been an active Wound Care consultant to several large Wound Care global companies, as well as, a certified Wound Specialist. Mr. Bishop is the past Director of Coding and an Adjunct Instructor in a couple coding programs in Florida. He is very involved in teaching many Coding and Reimbursement seminars for Surgeon and Physician groups nationwide. Mr. Bishop is also the immediate past president of the Florida Academy of Physician Assistants. John delivers an enjoyable, down to earth, real-life discussion on multi-specialties mixed with current case studies for your best results. John is a national presenter for AAPC, PAHCS, Decision Health, The Coding Institute and many other national groups.

Terry L. McVey, President
