Advanced information for Dermatology, Ent, Orthopedics, Primary Care and Surgery for 2017:

Learn The Proper Use of Biopsies, Debridements, Lesions, Grafts, Burns and Soft Tissue Tumors - CPT Codes

- What measurements are required when billing shaving-of-lesions as compared to excision-of-lesions?
- What is the difference between biopsy and excision?
- The latest codes for "tumor" excisions from multiple CPT sections.
- Learn the latest update on modifier 25 as it applies to visits on the same day of the procedure.
- Guidelines for interpreting the Correct Coding Initiative as it applies to the integumentary system.

How a Webinar Seminar Works:
1. Register by fax, mail or online. Cost is $239 per one of the following options - landline, computer or Ipad.
2. The audio/video portion for this course can be heard via landline, mobile or web browser. Major browsers on windows, MAC OS X & Linux.
3. You'll receive Dial-in access, and materials a few days before the program.
HANDLE SPECIAL SKIN SITUATIONS
- Do we utilize the physician’s measurements in the operative report or those contained in the pathology report?
- Advanced Beneficiary Notice forms. Do we have to get them signed every time?
- What modifiers are required when billing multiple lesion removal? HCPCS or CPT?
- What type of documentation is required for billing intermediate versus complex repairs?
- If my doctor uses the W-plasty technique, which code do I bill?
- Should we wait for the pathology report before billing for excision of lesions?
- Graft preparation codes have been revised. We’ll update you.
- Can we bill for closures after excisions?
