- Review recent changes to lap hernia and E/M codes.
- Document and code for what you do. This critical area loses money daily AND can cost in audit penalties.
- Central venous lines - tunneled versus non-tunneled, insertion versus replacement. We will give you guidelines and tips.
- Bariatric procedures are becoming more common for morbid obesity. We'll review the latest guidelines for proper reporting.
- Mammosite insertion codes were revised. We will update you on all of the breast codes.
- EGD & Colonoscopy rules. Screening versus diagnostic. We will review the policies.
- When is it proper to use modifier -25? Learn what may happen to reimbursement when these are performed on the same day.
- Visits & procedures during the postoperative procedure. How do we report them? What modifier do we use?

S

trategies To Assist Correct Coding, Reimbursement & Compliance

- Is your specialty entitled to reporting an extra "G code" for additional reimbursement?
- What is MACRA?
- PQRS - How it applies to general surgeons.
- As deductibles and copays for patients skyrocket, is your office equipped to monitor this and act on it?
- Advance Beneficiary Notice (ABN) forms were revised in late 2017. Learn when and how to use an ABN form for General Surgery procedures. We'll update for 2020.
- Documentation is essential for counseling and coordination of care billing, based on time.
- Monitoring your Local Coverage Determinations (LCDs) and National Coverage Determinations (NCDs) for services you provide. It is essential for claims submission.
