McVey Seminars Presents A "VIRTUAL" Seminar on Coding & Reimbursement Solutions

ICD-10-CM ■ CPT ■ HCPCS

UROLOGY - 2020

5 hour session of coding for physicians and staff

given by:

Ms. Dawn R. Cloud, CPC, CMSCS, CHCI

Reimbursement Difficulties?

While costs go up and revenue is lower, it is tough! We can assist NOW!

Correct and accurate coding is the essential ingredient.

Complete & rightful reimbursement is possible!

◆
Saturday, March 21, 2020

8:00 am - 1:30pm PT

(9:00am to 2:30pm MT, 10:00am to 3:30pm CT, 11:00am to 4:30pm ET)

◆
Special Section:

**We'll review any changes & bring the Urology
CPT changes for 2020.**

How a Virtual Seminar Works:

1. Register by fax, mail or online. Cost is \$285 per one of the following options - landline, computer or Ipad.
2. The audio/video portion for this course can be heard via landline, mobile or web browser. Major browsers on windows, MAC OS X & Linux.
3. You'll receive Dial-in access, and materials a few days before the program.

34th Year

L

earn coding techniques that work!

- Learn how surgical practices lose income from improperly coding evaluation and management services.
- Learn when and how to bill co-surgeons and surgical assists.
- Signs, symptoms and ill-defined conditions are the key to payment for same day visits and procedures.
- ICD-10! Come learn about this new coding system.
- Modifiers are the key to surgical procedure reimbursement:
 - a. The -57 vs -25
 - b. Visits during global post-op period
 - c. Billing for additional procedures during the global period.
 - d. What about -51? Dealing with the -59 modifier; the -53 vs. -52.

C

orrect reimbursements from Medicare, Managed Care and Private Payers

- Document and code for what you do. Charge and file claims according to your contracts. This principle for doing business with insurances is critical to survival.
- What's new with RAC audits, and what to do if you get the notice.
- What is the secret to knowledgeable & correct "unbundling?" Medicare's "Correct Coding Initiative is the key." We'll discuss the latest.
- What triggers an audit on your claims? Can you afford it?

A

dvanced coding for Urology Eases Paperwork

- We'll give you the latest rule on getting paid for the insertion and removal of an indwelling stent.
- Having problems for ancillary treatment and testing in your office? Let's work through these together.
- Consults: When do you bill a new patient as a consult, and what is the criteria? CMS has specific guidelines. We'll teach you how to determine which to bill.
- Learn to code for multiple related cystos.

WE PROVIDE ANSWERS

- When does a malignancy diagnosis change to a "personal history" of a malignancy?
- What about the patient who returns for a follow-up visit and ends up being treated for another condition? Is the secondary condition then considered "primary?"
- Are the "observation codes" appropriate for stone patients?
- How can we get paid for both an office visit and required procedure on the same day?
- Some insurers pay for transrectal echography with needle guidance for biopsies and others do not. Are there any clear guidelines?
- Why should we code secondary & tertiary diagnoses codes when insurers use to only look at the primary ICD-10 code for procedure reimbursement?
- What are "site of service reductions?"
- If I'm called in to do a bladder suspension during OB/Gyn hysterectomy, what modifier do I use?
- Why should I wait for the pathology reports before billing?

The McVey Guarantee

We unconditionally guarantee your full tuition for up to one year. After participating, if you did not feel the investment worthwhile, please write to us with your comments. We believe in the value of our seminars, teleconferences, virtual seminars and services - and we think you will too!

For More Information

If you have any questions regarding this seminar, the recordings available, on-site seminars or consulting please call TOLL FREE: 1-800-227-7888.

The McVey staff welcomes your questions and we're here to help!
