(9:00 am - 3:00 pm)

2020 Review

Hernia, bariatric, laparoscopies,
breast, and more.

Bring examples of your coding and reimbursement problems
for the workshop. We'll find the specific solutions together!

(PLEASE BRING YOUR CPT & ICD CODE BOOKS)

Sponsored by

34th Year

L

earn coding techniques that work!

- Latest **documentation guidelines** for Evaluation & Management codes. When are E & M guidelines for documentation changing? Find out what **crucial documentation elements CMS wants**. We'll have the 2020 changes.
- Understand the new reimbursement rules for the single payment rate for your E/M levels 2-5.
- Review recent changes to lap hernia and E/M codes.
- Document and code for what you do. This critical area loses money daily AND can cost in audit penalties.
- Central venous lines - tunneled versus non-tunneled, insertion versus replacement. We will give you guidelines and tips.
- Bariatric procedures are becoming more common for morbid obesity. We'll review the latest guidelines for proper reporting.
- Mammosite insertion codes were revised. We will update you on all of the breast codes.
- EGD & Colonoscopy rules. Screening versus diagnostic. We will review the policies.
- When is it proper to use modifier -25? Learn what may happen to reimbursement when these are performed on the same day.
- Visits & procedures during the postoperative procedure. How do we report them? What modifier do we use?

S

trategies To Assist Correct Coding, Reimbursement & Compliance

- Is your specialty entitled to reporting an extra "G code" for additional reimbursement?
- What is MACRA?
- PQRS - How it applies to general surgeons.
- As deductibles and copays for patients skyrocket, is your office equipped to monitor this and act on it?
- Advance Beneficiary Notice (ABN) forms were revised in late 2017. Learn when and how to use an ABN form for General Surgery procedures. We'll update for 2020.
- Documentation is essential for counseling and coordination of care billing, based on time.
- Monitoring your Local Coverage Determinations (LCDs) and National Coverage Determinations (NCDs) for services you provide. It is essential for claims submission.

A

dvanced Surgery Insurance Solutions Ease Paperwork

- **What impact is there for 2020 ICD-10-CM?** Which impacted general surgery practices? We will go over any changes. The last 3 years have been huge.
- Medicare Voluntary Refund reports require prompt action on your part. We will explain.
- We will review indications on modifier -62 for co-surgeon and modifier 80 for assistant surgeon. It can mean a lot for reimbursement.
- Unlocking the key to the modifier maze concerning -59, -58, -78 and -79. We will give you clarification on these modifiers.
- Linking your ICD-10 codes to the CPT codes will greatly reduce unnecessary claims denials and reduce payment turn around time for 2020.
