**The PHE was extended through April 22nd 2021:
Will we see another?**

- The Final Rule published 12/2/2020 but what was altered in the Rule on 12/28 with the COVID Relief Bill?
- Telehealth is here to stay, but the PHE coverage and the post PHE coverage is completely different.
- The Telehealth Utilization will change once the PHE is over due to legislation - we cover it.
- New 2021 E/M Office and Other Outpatient Service Rules are out, how does CMS differ?
- What is the new "interoperability" open door for CMS?
- 2021 Final Rule also updated our Medicare Physician Fee Schedule. What was the Final CF?

How a Webinar Seminar Works:

1. Register by fax, mail or online. Cost is \$229 per one of the following options - landline, computer or Ipad.
2. The audio/video portion for this course can be heard via landline, mobile or web browser. Major browsers on windows, MAC OS X & Linux.
3. You'll receive Dial-in access, and materials a few days before the program.

- The OIG Workplan was also published and included Telehealth and ASC Documentation.
- Proposed HIPAA rule would cut red tape, to make PHI transfers easier.
- Reading the fine print on Stark, anti-kickback rules reduces the compliance load but again, read the fine print.
- How can we verify a Medicare Patient's eligibility with an electronic claim form?
- What is the current status of Virtual Check-Ins?
- COVID Vaccines have PCPs "vaccine chasing" what does that mean for Medicare patients?
