W

orkshop Curriculum

- Billing errors involving Preventive/Screening Services remain on the OIG's Target list.
- Losing \$\$\$ on Supplies such as IUDs, Depo and Lupron? We've got answers.
- Pap Smear diagnosis options have expanded in 2009.
- Updated instructions for reporting HPV vaccinations.
- How do the new Anti-Markup provisions impact your Ultrasounds and DEXAs?
- Identify what's included in the Maternity Care Package and more importantly... what's not!!
- Billing the "First OB Visit" DOs and DON'Ts.
- EMRs and Documentation for Evaluation & Management services.

O

bstetrics & Gynecology Workshop Highlights

- Workable examples to paint a better picture of medical necessity.
- What you can do now to prepare for ICD-10
- We'll review Documentation & Supervision Guidelines for Diagnostic Studies.
- 1995 or 1997 Documentation Guidelines? Discuss your options.
- National Drug Code numbers in the medical record and on the claim...the latest rules!
- 2009 CPT brought changes to the Well Woman codes.
- There were CMS changes to G0101 effective October 1, 2008.
- We have practical solutions from appointment scheduling to collecting co-payments.
- You will review a definitive "Well Woman" handout to explain your policies.
- Billing for services provided by your Non Physician Providers.

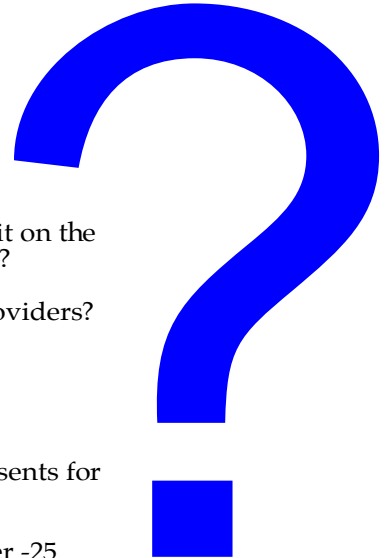

A

dditional topics to be discussed

- Avoid denials due to National Provider Identifier and Taxonomy codes.
- Consultations remain on the OIG's target list...DOs & DON'Ts.
- Modifier updates essential for proper reimbursement.
- How to report robotic procedures...and get paid!
- Strategies to get paid for both the Well Woman Exam AND the Problem Visit on the same day.
- Updates for Injections, Immunizations and Infusions.
- Split/Shared visits and "Incident to" guidelines...are you documenting and reporting properly?
- Visits and Office procedures on the same day...avoid the pitfalls.
- Colposcopy, Essure, LEEP, Urodynamics...and more.
- Admissions, Observations and other hospital services.
- Coding Challenges of Post Op complications.
- Reimbursement issues for Co-Surgeons and Assistant Surgeons.
- Supervising Teaching Guidelines.

W

E PROVIDE ANSWERS

- Sometimes our "Well Woman Exams" are also seen for a problem visit on the same day. Can you show us how to properly code & document both?
- Are we properly documenting and coding for our Non-Physician Providers?
- Can we report an office visit and procedure on the same day?
- Are you using the -GA modifier? Practical applications for OB/Gyn!
- How do we get paid for a PAP smear on a Medicare patient who presents for her annual physical (preventive medicine visit)?
- Can you explain the different indications for proper usage of modifier -25 versus -57?
- Is the 1st OB visit global or not?
- Depo and Rhogam are expensive. Are you losing money?
- How do we properly use "prolonged service codes?"
- High Risk Pregnancies & maternal fetal medicine. Transfer of care or co management?
- Why are consultations back on the OIG's target list? Can Non Physician Providers bill consults?

The McVey Guarantee

We unconditionally guarantee your full tuition for up to one year. After attending, if you did not feel the investment worthwhile, please write to us with your comments. We believe in the value of our seminars and services - and we think you will too!
