orrect reimbursements from Medicare & Private Payers

- Medicare's new "Correct Coding Policy" keeps changing several times a year. **Don't lose out on money that's rightfully yours. We've got the latest.**
- Latest documentation guidelines for Evaluation & Management codes. When are E & M guidelines for documentation changing? Find out what crucial documentation elements CMS wants.
- Understand the new reimbursement rules for the single payment rate for your E/M levels 1, level 2-4, and level 5.
- Document and code for what you do. Charge and file claims according to your contracts. This principle for doing business with insurances is critical to survival..
- **Modifiers**, a key to opening the door to accurate reimbursement. Dealing with the new definition of the -25 and -59 modifiers could impact an increase or decrease in your revenue. It depends on your understanding and working **within the guidelines**. We'll explore ENT's use of them all. Ex: Why carriers are denying E & M with scope, even with -25.
- E & M and procedures will be watched closely by Medicare with increased audits... Physicians, **learn what may happen to reimbursement when these are preformed on the same day.**

L

earn Coding Techniques That Work!

- ICD-10-CM Conventions and Rules. What's new for 2023?
- What is changing on in office procedures, and reimbursement for the Laryngoscopy codes?
- Submit your OP notes 1 week prior to the seminar to get a live answer on the call. We will go through these together to maximize reimbursement
- **Guidelines for HCPCS Coding:** We will show you the many HCPCS Level I & II codes that have been added or deleted to conform with the RBRVS system. Also included is a complete listing of which **modifiers are still in use.**
