35th Year

(PLEASE BRING YOUR CURRENT YEAR CPT BOOK)

W

orkshop Curriculum

- ◆ 2021 Cardiology CPT Coding Updates.
- ◆ Cardiology procedure Documentation
- ◆ Fraud & Abuse, making sure you are compliant.
- ◆ ICD-10-CM practical tips
- ◆ Evaluation and Management Coding for Cardiology
- ◆ What parts of procedures are "bundled" and what can be added-on
- ◆ Mastering CPT and HCPCS modifiers is essential for proper reimbursement
- ◆ Learn techniques to paint an accurate picture of medical necessity
- ◆ In 2021, the E/M documentation rules change! Start now to get your practice ready for the changes. We will review the changes.

C

ardiology Workshop Highlights

- ◆ How to bill for "branches" when coding for interventions. Who pays and who doesn't?
- ◆ Coding from procedures notes & reports
- ◆ Appealing denied claims
- ◆ Electrophysiology and device implant update
- ◆ Proper coding & documentation for echocardiograms w/Doppler and color flow scans
- ◆ Defibrillator and pacemaker monitoring - telephone and in office - single, dual or multiple lead follow-up guidelines
- ◆ Complete coding for heart catheterizations done at the same session as intervention - what to charge and what not to charge

A

dditional topics to be discussed

- ◆ Audits and reviews forms
- ◆ Using the Correct Coding Initiative
- ◆ Are you properly coding for "peri-procedural" device programming?
- ◆ The latest on "non-selective" cath placement rules - guidelines, revisions
- ◆ How to code combination procedures - heart cath and peripheral at same setting
- ◆ Supervision Guidelines: Medicare's chapter-verse

Handle Special Cardiology Situations

- ◆ How 2021 ICD-10-CM Diagnosis code changes impact Cardiology
- ◆ Coding Emergency Procedure after a Consultation
- ◆ Working with Advanced Practice Providers (NPs/PAs) in the office and hospital
- ◆ Self-Auditing your practice

About Your Seminar Leader . . .

Ray Cathey's, PA, FAAPA, CCS-P, MHA, MHS, CMSCS, CHCI, CHCC, background is unique in support of medical practices. He has assisted thousands of Physicians and staff across the U.S. over the past twenty eight years. The result has been appropriate payments of insurance claims that would have otherwise been underpaid. Having degrees in health care administration and health care sciences, as a registered nurse, and as one of the initial certifications in the Physician Assistant Program, you will find Ray's knowledge extensive. His training and consulting work is based on current work-place experience and success in recovering maximum, rightful reimbursements for medical practices in both the fee-for-service and managed care/capitation arenas. No one has trained more medical offices in insurance reimbursement across the nation. We count Ray Cathey as one of the top medical insurance coding and practice management experts in the country. We invite you to discover why and register today.

Special Section: We will bring you all of the 2021 changes and updates.

R

Registration Form ----- ~~ACT-NOW!~~

We are registering _____ person(s) for The **2 day Coding Course**. We will receive a workbook, all materials & refreshments . Fees are: \$600.00 first person, \$575.00 each additional person.

Confirm by return fax.

E PROVIDE ANSWERS

- Are you coding heart cath with interventions correctly? How about heart procedures with peripheral procedures?
- Correct coding for trans-catheter valve replacement/repair procedures..
- How "routine" testing could cost your practice \$\$\$ in payment reductions.
- Medicare rules for billing nuclear stress testing.
- Beware of EHR software prompts that encourage you to improperly code higher visit levels.
- CMS/AMA CPT are making changes to the documentation guidelines for 2021. Find out the latest.

The McVey Guarantee

We unconditionally guarantee your full tuition for up to one year. After attending, if you did not feel the investment worthwhile, please write to us with your comments. We believe in the value of our seminars and services - and we think you will too!
